G. ADDITIONAL DESCRIPTION:

Related RTNs: 4-12848; 4-13333; 4-17582

Site visit - Cyndi Baran/Lori Williamson → Eagle Gas Station
met with LSP - Jim Decoulos (LSP for current owner - Najib Badaoui)

* Inspection of gas station facility -

- pump island pad is in poor condition - numerous cracks
- poor house keeping - evidence of staining on garage floor around waste oil AST. & exterior pavement adjacent to garage, where 55-gallon drums of bailed NAPL are being housed.

• sign should be posted on building exterior - "No Public Restrooms".

• No evidence of private well water being used for consumption.

* Meeting with Mr. Holmes (owner/resident of 132 Main St)

- told us - in past often saw thin "film" on glasses of water ^{POURED} from tap
- his private well is 17 feet deep.
- he is currently drinking bottled water → advised to continue & consider drilling a new well.

* Stormwater Drainage System outfall (S. Meadow Brook)

- gross petroleum contamination of wetlands, banks of brook, and surface water at outfall. Peds/Boms are currently in place at outfall = preventing product from migrating further.

H. DEP ASSIGNMENT: (complete if using BWSC-102A and 102B or BWSC-102B only)

Preparer of RLFA (please print):

Lori Williamson

Signature:

Lori Williamson
