Re: LSP Board Complaint No.05C-007

Dear Mr. Decoulos:

Enclosed please find a copy of a Complaint #05C-007, received by the Licensed Site Professional (LSP) Board (the Board) regarding your professional conduct as an LSP. Before the Board takes any action on this matter, we request that you examine this complaint and forward any comments you may have to me by January 13, 2006. Please reference Complaint #05C-007 on all correspondence with the Board.

You are not required to submit comments, but any comments you send will be reviewed and considered by the Board's Professional Conduct Committee (PCC). At that time, the PCC will decide whether to dismiss the complaint or authorize further investigation. For your information, before the PCC reviews the complaint against you, all references to names, site locations, and other identifying information will be redacted from the complaint and from any response you submit. The purpose of this editing is to provide for an objective review of all the available information.

If the Board decides not to dismiss the complaint, a Complaint Review Team (CRT) will be assigned for further investigation. The CRT is composed of three members—two are Board members and consist of an licensed LSP and a non-LSP; the third member is an attorney with the LSP Board staff.

I will advise you, in writing, of the Board's decision after its meeting. If you have any questions, you may call me at 617-292-5556.

Thank you for your cooperation.

Sincerely,

Allen Wyman
Investigator
