Re: Matter of Decoulos, LSP 10AP 01

Dear Judge Jones:

I am writing to give notice that I object to "Chalk 2" proposed by Respondent James J. Decoulos as a visual aid for the hearing on October 27, 2010. The ground for my objection is that the document was prepared by the Respondent solely in the context of the Complaint against him and contains inaccuracies and misrepresentation in its labeling of sampling results and the nature of the recovery trench constructed at the Eagle Gas site. Therefore I would object to Chalk 2 as a basis for examination of witnesses at the hearing.

Thank you for your consideration.

Sincerely,

  
Lynn Peterson Read

cc: Mr. James J. Decoulos
